District Federation Of Women's Clubs To Be Marked By Brilliant Reception At Normal Tonight.—To Hold Open Session Tomorrow

With an informal reception held in the library rooms of the State Normal school at 8 o'clock tonight, the thirteenth annual meeting of the first district of the Missouri Federation of Women's Clubs will open.

A number of the delegates representing the twenty-five clubs of the district are already in the city, as well as the members of the executive board of the state federation, which has been in special session here since yesterday morning.

The invitations to the reception include the members of the Twentieth Century, M. I. Circle, Mothers' Circle, P. E. O. chapter, faculty of the State Normal, city schools, Conservatory of Music, Maryville Business college, and ministers of the city. Each is privileged to bring a guest to the reception.

To Give Royal Welcome.

The club women who are hostesses to the meeting want to give their guests the royal welcome which is due them from the city of Maryville, and are anticipating the presence, along with a glad hand greeting of everyone. The invitation is practically a general one, as the women want every one in the city to meet their guests.

The program will open at 8 o'clock and is as follows:

Ladies' chorus.

Vocal solo—Mrs. F. M. Townsend.

Address of welcome—For clubs, Mrs. G. H. Colbert; for city, Mayor U. S. Wright.

Response—Mrs. J. M. Dunn, XIX club, Chillicothe.

Vocal solo—Mrs. D. J. Thomas.

Address—Mrs. W. R. Chivvis, state president, St. Louis.

Reception at Normal.

The Thursday meetings, which will be held in the First Christian church, will be devoted entirely to the business of the district. The morning session will begin at 9 o'clock, and the program will include the reports of committees and other routine work.

District Reports Thursday.

Luncheon will be served in the parlors of the church at noon. At this time Mrs. George Still of Kirksville will respond to the toast "A High Flyer." Mrs. Still is treasurer of the state federation and well known to the club women of Maryville, who are gratified over her presence at this meeting.

At the conclusion of the afternoon program the visitors will be taken on a sight seeing motor trip over the city, and the convention will close with a dinner Thursday night at the church.

Dinner tonight and Thursday night and luncheon Thursday noon will be served by the women of the Christian church, and all the club women of the city are invited and expected to come to these dinings to meet the visitors in a social way and show the hospitality due the guests.

Rarely in the history of towns like "our town," and never before in Maryville have so many charming, brilliant and brainy women been assembled. Backed by human kindness and the broadest of social philosophy, these women have been behind some of the greatest movements for the benefit of Missouri and her people.

They are our guests and every business house, every man and every woman in the city should do something to show them a most gracious welcome.

As a compliment to the club women, a number of the city business houses have decorated their windows in the district colors of yellow and white. Several are exceptionally beautiful and attractive.

The club sessions of tomorrow are open to every one in the city interested in women's work who would like to attend. They are held in the First Christian church, and the welcome is broad and wide for men and women.

One of the most charming women whom it has been the pleasure of the Maryville women to meet is the state president, Mrs. W. R. Chivvis of St. Louis. Mrs. Chivvis possesses all the charm of a gracious southern woman, and makes her first public appearance here tonight at the reception at the State Normal school, giving the principal talk of the program.

Mrs. George Still of Kirksville, treasurer of the state federation is well known here because this was her husband's boyhood home and the Anderson Craig and Frank families are her relatives and she has all the likable family traits, too. She is a sister of Miss Leota Dockery of Kirksville who was one of the city school teachers for a time.

Miss Marie Goodman, a member of the Athenaeum club of Kansas City, and vice president at large of the state is busy as any vice-president could ever hope to be looking after the numerous things on her list of duties, but with all that she has plenty of time to greet her Maryville sisters with such a charming smile and manner that one wishes the meeting had come sooner.

Miss Pearl Mitchell, who is known by every reader as "Missouri's most successful woman farmer," is chairman of the industrial commission of the state federation and the principal thing which her committee wants to bring about is a state board of censors for moving pictures, and to have this board composed of both men and women. Another thing which is the desire of these women is the establishment of county homes for delinquent and neglected boys and girls. The best ways and means for bringing about these two things are presented at this session.

Miss Mitchell has a personality which newspaper parlance cannot describe. It's much too attractive. She owns and operates a 320-acre farm near Columbia, has accumulated a fortune in the doing, is traveled, cultured, charming and known everywhere by the success of her profession which she calls that of a "cornfield lady," and her ability to do a large work. She has given liberally to many of the philanthropic institutions of the state and is now educating a young woman as an individual work along with her general contributions. Her epigrams and witty sayings are constantly being told around the club sessions.

Miss Mitchell is president of the Missouri Women's Farmer's club, an organization of thirty members formed for mutual benefit and the only one of its kind in the country.

Corn Acre Yield Blanks.

County Superintendent Bert Cooper is preparing the blanks for the corn acre yield contest under the auspices of the Nodaway County Agricultural association. All children who wish to enter must write to Mr. Cooper for these blanks. Affidavits must be made by the boy and a neighbor, and the corn must be gathered between November 1 and November 20.

Funderburg Taken to Pen.

Sheriff Ed Wallace left for Jefferson City this morning to take John Funderburg to the state penitentiary, to which he was sentenced for three years last week. He pleaded guilty to carnal knowledge.

BIG POULTRY PRIZES

MARYVILLE MERCHANTS GIVE 31 SPECIAL CUPS.

QUITMAN ALSO GIVES

Townships Beginning to Respond to Call for Sectional Contests—Children Will Enter Trios.

The merchants of Maryville have done themselves proud in the giving of thirty-one cups for the poultry show which will be held here December 1-4. The loving cups will become the property of the winner this year permanently and will not have to be contested for again.

The offering of the cups was suggested to the Nodaway county show by the success of the Shenandoah contest last year, where sixty-five cups were offered. Quitman and Burlington Junction have also responded to the invitation of the management of the show to offer prizes to be contested for by exhibitors from their township only.

Other township vice presidents are expected to report such successes from their towns before the opening of the show. H. England for Green township has sent in the following list of Quitman merchants who will give $1 each to the winners of the best pen of the various classes:

Quitman Donors of Prizes.

Fred Wright, best pen of White Rocks; A. C. Parshall, Rhode Island Reds; H. England, capons; H. C. Bailey, Buff Orpingtons; F. C. Wilson, Barred Rocks. A capon for the Christmas dinner will also be given by Mr. England to the winner of the best capon.

The merchants who will give prizes to the Nodaway township exhibitors are: First National bank, Northwestern bank, Vance store, J. W. Praisewater, Carter pharmacy, Jones meat market, Corken & Yaple, Morehouse & Co., Commercial barber shop, Rees Lumber Co., Aesdale's store, City bakers, Bailey & Griffey, House drug store, Miller jewelry store, Loren E. Smith, Post and Sewell & Cook.

Mrs. W. P. Nicholas was the township vice president who secured this fine list of prizes from the Burlington Junction merchants. Indications are almost all of the children who received settings of eggs last spring will have fine exhibits in their special trios of a cockerel and two pullets for the prizes offered by the State Poultry association. Most of the boys and girls will contest for the pen prizes also.

The judge will be the same as the last two years, E. M. Quay of Indiana. He is one of the judges of the Chicago poultry show and has been engaged for this year again. The local association will offer a special prize to the township in Nodaway county which enters the largest number of birds in the show.

Judge J. H. Sayler, secretary of the Northwest Missouri Poultry association, who will give the show, wishes to remind the members that their 50 cents fee must be paid before they may contest for any prize.

Cups of Maryville Merchants.

Two $3.75 cups are offered by Frost & Spiers; the following have offered $6.50 cups; M. Nusbaum, Berney Harris, Remus Mercantile Co., City Meat Market, Graham-Latimer Co., Mark's, Love & Gaugh and F. P. Reuillard; the following have offered $7.50 cups: Cook & Voght, Montgomery & Lyle and L. S. Byers; these have offered $10.00 cups: Koch Pharmacy, Montgomery Shoe Co., H. T. Crane, McCaffrey & Swords, Curfman Lumber Co., E. C. Phares Lumber Co., William Everhart, Corwin-Murrin Clothing Co., Townsend and Forsyth; these are on the $12.00 cup list: D. R. Eversole & Son, Alderman-Yehle D. G. Co., Harvey L. Haines and Bee Hive Shoe store, and these have donated $15 cups: First National bank, Real Estate bank, Farmers Trust Co., and Nodaway Valley bank.

M. E. MEN TO HEAR KIMBALL

White Temple, St. Joseph, Pastor, Will Address Brotherhood at Banquet Friday Night.

The Rev. C. O. Kimball, D. D., pastor of the White Temple Methodist church in St. Joseph, will address the Men's Brotherhood of the First Methodist church here at their weekly meeting Friday night.

The women of the Ladies' Aid will serve a banquet, beginning at 7 o'clock. A report of the annual conference at Cameron will be heard informally, and the members will express to Rev. G. S. Cox their appreciation of his return for another year.

FARE BY CONCEPTION LOWER

Now $1.25 Instead of $1.40—Wabash and Great Western Trains Will Wait for Connections.

The fare from St. Joseph to Maryville via Conception Junction is now $1.25 instead of $1.40, as formerly. This notice was received by the Maryville Commercial club today and is the result of work on the part of the club for the concession.

Another favor which the club secured was that the Wabash and Great Western trains will be held a reasonable length of time for connections at Conception Junction.

FOUR NEW SUITS FILED

Back Taxes, Appeal, Perfect Title and Damage Cases Listed Today for January.

William R. Tilson, county treasurer, and the state of Missouri filed suit for back taxes yesterday against Dan W. Jones. Wayne Ingram filed an appeal from the justice of the peace court of Hopkins township against a verdict of J. D. King, the justice, in favor of Al Kysar for a $12.40 bill.

Lincoln J. Hutchinson et al, vs. Sarah Long et al., filed suit to perfect a title. Henry Moore, who lives four miles south of Ravenwood, filed suit against the Chicago Great Western Railway company for $150 for the loss of a cow which was killed.

TO SELL ROAD BONDS

Court to Select Best Bid for Nodaway Township Road Issue of $35,000.

The county court will meet tomorrow to open bids for the $35,000 bond issue of Nodaway township. This is the second time bids have been received, the first time the court rejected all bids, as it was stated the bonds would not be sold below par and there were bids of above par and below par. So the court decided to meet again tomorrow and the bonds will be sold to the best bidder, regardless of whether above or below.

There were three bids in this afternoon for the issue. They were F. L. Fuller & Co. of Cleveland, Whitaker & Co. of St. Louis, and C. H. Coffin of Chicago.

MARK TURNER HOME AGAIN

Reports Worst Season Ever With His "Wonderland" on Account of Continual Rain.

Mark A. Turner is back after the worst season which he has ever known with his "Turner's Wonderland" show. He says that from April 1 to October 8, when he left the troupe at Wellington, Kans., they had only five weeks without rain.

Starting in Oklahoma, they found the price of oil low and cotton not selling, so business was poor and they turned north. Going through Kansas, Nebraska, Iowa, Minnesota and Wisconsin, the weather was the same as Nodaway county enjoyed all summer.

The "Wonderland" has been combined with a Wild West show most of the summer and will continue together. They are going into Oklahoma and Texas this winter, where Mr. Turner expects to take charge again about January 1. He will remain in Maryville until that time.

CAN YOU WALK BACKWARDS?

If You Can't, Stay Away From Epworth League Reversed Social Friday Night.

Those who attend the "backward" social which will be given in the basement of the South Methodist flats by the Epworth League of the Buchanan Street Methodist church next Friday night will have to have the reverse thrown on all the time .

The first requirement is that all clothes must be on rearwards in front Men will pay fines from 2 cents for the tie to 10 cents for the trousers if they are on the way fashion says they should be, rather than backward. Collar and shirt will cost 4 cents; coats and glasses, 5; shoes and belt, 3.

The women will pay 3 cents fine on belt and shoes, 4 on the collar, 5 on the waist and glasses, and 10 cents for the skirt. The real fun will come in the entertainment committee's work.

Everyone will be asked to walk backwards constantly on pain of a fine; probably the refreshments will be served first instead of last, and—but you'll have to go if you want to know all the "foolish" things that human beings are able to think up.

GERMANY GOES ON

SO BERLIN SAYS, BUT SERVIA DENIES IT.

GAIN IN WEST CLAIMED

But Paris Enters Strong Denial to This Assertion Also—Heavy Artillery.

Read Democrat-Forum want ads.

Berlin, Oct. 13.—The war office announced that the German army continues its progress in Servia, although the way is stubbornly contested by the Servian army.

Under a fierce resistance, the Teutons crossed the Gradist road and captured the heights on both sides of the Torpoderska river. The village of Leleeik was also seized.

On the western front, the German office asserts that many French positions in the Vosges and around Souchez were captured.

Serbs Deny German Gains.

Athens, Oct. 13.—The Servian legation here announced that they are still holding all the heights along the western frontier, and that Belgrade was not in danger.

Two thousand deaths have been reported in the effort of the Bulgarians to cut the railroad at Zagetchar. They were defeated and repulsed in the attempt, Nish reports say.

French Also Make Denials.

Paris, Oct. 13.—The German heavy artillery attacked the French lines at Souchez; then the infantry was thrown against the trenches, but all Teuton attacks were repulsed, the official bulletin of the French war office says.

The great artillery duels continue all along the front, but the Germans have made no gains, according to the French.

Russian Troops to Bulgaria.

Athens, Oct. 13.—A fleet of Russian transport ships, convoyed by warships, started from Odessa yesterday for the Bulgarian coast.

Russians Claim to Have Advanced Thirty Miles in the Last Three Days.

Special to The Democrat-Forum.

Petrograd, Oct. 13.—It is announced that the Austro-Germans are defeated and are retreating along a 50-mile front towards the Zlotalipa river. It is reported that the Russians have advanced 30 miles in the last three days and are crossing the Strypa river. The Teutons have made stubborn resistance, and at several points have broken under the Russian attacks, it is said.

RED SOX WORLD'S CHAMPIONS 5-4

FOSTER WINS HIS SECOND GAME —MAYER AND RIXEY LOSE.

HOOPER AND LUDERUS EACH MAKE HOME RUN

Boston is Not to Be Denied, and Ties the Score Twice After Being Behind by Two Runs.

Summary of the Game.

The score:

	R.	H.	E.
Boston	5	10	1
Philadelphia ...	4	9	1

Batteries—Foster and Thomas, Cady; Mayer, Rixey and Burns.

Special to The Democrat-Forum.

Philadelphia, Oct. 13.—Boston Red Sox, world's champions, 1915.

They were not to be denied. Coming from behind with a rush in the eighth and ninth innings, they took the deciding game of the series 5-4 today. Twice they tied the score when two runs behind and then got the necessary one in the ninth again.

Foster won the second game he has pitched, although hit hard today. Moran sprang a big surprise by bringing out Mayer and Rixey as his pitchers instead of Alexander.

How Scores Were Made.

Foster and Thomas began as the battery for Boston and Mayer and Burns for Philadelphia. Mayer was replaced by Rixey in the beginning of the third, and Cady took Thomas' place behind the bat for Boston in the sixth.

Stock, first man up in the first, was struck by a pitched ball. Bancroft singled and Paskert bunted safely, filling the bases. Cravath hit into a double play, Stock being forced at home and "Gavvy" out at first base. Luderus then doubled, scoring both the men on bases.

Gardner tripled in the second and scored on Barry's single. Hooper knocked a home run with the bases empty in the third. In the fourth Luderus slammed out out a homer and Niehoff followed it with an earn by his single and the sacrifices of the others following.

The crowd jammed the park and the weather was ideal.

Phillie Fans Despondent.

"Can the Phillies, standing on the brink of oblivion, hurl back the onrushing Red Sox?" was the question in the mind of every Philadelphian today. Everyone felt sure that Alexander would pitch again today, but all realized that they cannot depend upon him to win and that the Quakers must roll up some tallies before he can be expected to win from such a slugging team as the Boston American leaguers.

The deepest gloom seemed to have settled over the Philadelphia fans this morning. All were disgusted with the batting of the Phillies. The odds were 6 to 1 for the Red Sox on the series, and 5 to 4 on today's game. Carrigan said that it was all over, but Moran said that his team was confident that they could come back and win.

Strong fears were held early this morning that the game would have to be postponed when the special train bringing the teams and rooters from Boston was delayed five hours at New Haven by the engine breaking down. They were expected in Philadelphia about 12:30, however, after the repairs were made.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

If Villa has to quit fighting in Mexico, he has a trade he may return to.

A dispatch says Serbia is not losing. After all this war and a siege of typhus fever, there probably isn't much of anything else left to lose.

Where is the old fashioned town where the motorists still fill their gasoline tanks from a five-gallon can brought from the rear of the grocery store by the clerk.

Here is an exceedingly unkind observation: The St. Joseph Gazette rises to remark that "the board of public works is a new broom that is expected to sweep clean by the vacuum method."

Those gentlemen who are seeking to induce Ex-Gov. Hadley to enter the race for governor, promise him the votes of "a large majority of the republicans and thousands of disgusted democrats." There were thousands of disgusted democrats who voted for him before, but never again. The disgust was too great.

WE HAVE THE MAN.

While there are a goodly number of good men mentioned for the Democratic Gubernatorial nomination in Missouri, there is still room for more of the right caliber. There is an almost universal demand at this time for a big, broad, sound and safe man to lead the Democratic ticket in Missouri next year. There is a demand for men who can command attention and support because of their well known ability and fitness.

There never was a time when the party was more willing to disregard all former alliances and unite upon an acceptable "big enough" man. The people are distinctly in the saddle and no faction or following will prevail to nominate any but a man who measures up to the requirements.

Maryville has the "big enough" man. He is not a candidate and has perhaps never thought of it but he fills the bill and this is the year when men of that kind are being sought. He is a big, broad, learned man. He is one of the greatest lawyers the state has produced. He is a good mixer, a forceful speaker and the fact that he has been elected and can be re-elected judge of this circuit without opposition, is sufficient evidence of his popularity.

He has belonged to no factions or political clans. He has no entangling alliances or obligations and he comes from a section of the state that has asked but little of the state of Missouri. He comes from a section truly representative of the great state of Missouri and rich in everything but aspirants for state offices.

His reputation as a jurist, as a lawyer and as a clean, capable man is broad enough to compensate for any lack of acquaintance with state politics. If nominated for the great office of Governor, he would carry northwest Missouri by an unprecedented majority and lend dignity, weight and wisdom to this high position. His name is William C. Ellison, Judge of this the Fourth Judicial District.

Go with the Santa Fe Farmer's Special

Spend two weeks in seeing California in connection with your visit to the two Expositions.

This tour is especially for rural folks and others interested. I want you to see the San Joaquin Valley and talk to the people about the greater production per acre, the balmy, healthful climate, the year-round growing season. You will be the **guests of many communities** in Southern California and San Joaquin Valley. You will be **taken on auto trips** to see their farms, orchards and homes. We have no land to sell. We just want you to see and know California.

Let me tell you at what **small cost** this trip will be made. We will live on our own special cars most of the time, so saving hotel bills. Go with us on the Santa Fe, stop a day at Grand Canyon and return Santa Fe or any direct route.

This party will leave Chicago October 14, reach San Francisco about October 30, and return from there at your pleasure up to December 31. You'll see rural California—as you could see it in no other way. You'll see the two great world expositions. Also you'll see the Grand Canyon of Arizona.

Make reservations promptly, to insure getting space wanted—the time is short.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yet—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

CENSURE HARVARD BOYS' TALK

It's Slander, Vapid War Chat and Personalities, Says College Paper.

Cambridge.—Harvard students are accused of being frivolous, if not worse, in their table talk by the Harvard Crimson, every one of the thousand who eat in Memorial hall being included in the criticism. The editorial says:

"One thousand men are each wasting three hours a day in intellectual dejection which might profitably be spent in cultivating intelligent thought.

"Women, the war, athletics and personalities comprise the range of subjects. Among the first named virtue is apparently unknown. The weaker sex is subject to slandering remarks whose sole aim is to fill a gap in the conversation.

"When the talk wanders to the war some one says, 'I hope those d——d —— get licked,' and the subject is closed. Even on athletics, where the interest is keenest, desultory remarks and blasphemies on Yale are the main element. Interspersing everything are biting personalities on another's physical or mental qualities. A tone of affected cynicism crowns the whole."

GIRL USHERS IN CHURCH.

Bridgeport Pastor Believes They Will Be Attraction.

Bridgeport, Conn.—For the first time in the history of the state girl ushers served in the Washington Park Methodist Episcopal church here. The Rev. Everett A. Burns, the pastor, said the girls will act in that capacity every Sunday evening.

"I hope that the young men who might otherwise absent themselves from services will attend because of the girl ushers," he said. The girls, all from well to do families, are Helen Clinton, Mildred Curtis, Anna Rackmyer, Emma Smith, Ella Crabtree, Irene Chapman and Clarice Bray. Mrs. Julia Griffin also is an usher.

TEXAS COWPUNCHER DIES WORTH MILLION

As Boy Asked For Cattle In Lieu of Pay.

El Paso, Tex.—Wert Love, who has died at Warfa, started as a cowboy without even a horse that he could call his own and became millionaire owner of vast herds and a ranch that was a domain in itself.

A resident of West Texas since 1885, Wert Love was known to every cowman from Fort Worth to El Paso. He had his peculiar characteristics, and thrift was one of them. But while he was frugal, he never allowed a genuine case of distress to go unrelieved.

When other cowboys were drawing their wages in gold back in the eighties and riding to El Paso or San Antonio to spend the money in riotous living or over the gaming table, Wert Love was putting his earnings into cows. His start was seven cows. At his death he could not have counted all the cattle in his herd if he had ridden hard for a month at the task.

His first work after coming west was for Jim Powell, a cousin, near Fort Davis. He was a mere boy and received but $25 a month and his board. He refused to take any money except that necessary to buy his clothes, which were few, and asked to be paid in cows.

In 1880 he had 150 head. After the start it seemed easy to those who watched Wert Love, but they knew he was working hard all the time.

He always picked the best cattle when he bought, and he always picked the best range for them. The result was that he lost few cattle by disease or drought. He watched the markets and sold right and invested the money again.

The result was that when he died 200 men were on his payroll and his estate was worth more than $1,000,000. A son nine years old will get most of it and will probably be the richest boy in Texas.

THREE GEESE—COSTS $100

Widow Wins Long Lawsuit, and Birds Sell For $1.50.

Pocahontas, Ark.—A goose case has finally been disposed of in circuit court here. Mrs. Ledbetter, a widow, brought a replevin suit against a man named Starr for three geese that she claimed belonged to her. The trial in the justice of the peace's court resulted in the appeal to the circuit court. Eighteen witnesses were in attendance.

Mrs. Ledbetter was awarded the geese. The total cost to the litigants amounted to more than $100, beside the cost to the county. The geese were marketed at 50 cents each.

WIRELESS VISION SEEN BY TESLA

Thinks "World System" Will Allow Many to Talk at Once.

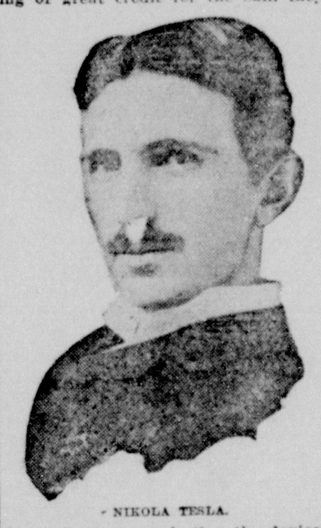
ENDS STATIC DISTURBANCE

Inventor Also Hopes to Transmit Pictures by Same Medium Which Carries the Voice—Declares It Will Be Possible to Hold Secret Conversation Too.

New York.—Nikola Tesla announced that he had received a patent on an invention which would not only eliminate static interference, the present bugaboo of wireless telephony, but would enable thousands of persons to talk at once between wireless stations and make it possible for those talking to see one another by wireless, regardless of the distance separating them. He said also that with his wireless station now in the process of construction on Long Island he hoped to make New York one of the central exchanges in a world system of wireless telephony.

The inventor, who has won fame by his electrical inventions, dictated this statement:

"The experts carrying out this brilliant experiment are naturally deserving of great credit for the skill they



NIKOLA TESLA.

have shown in perfecting the devices. These are of two kinds—first, those serving to control transmission, and second, those magnifying the received impulse. That the control of transmission is perfect is plain to experts from the fact that the Arlington, Mare Island and Pearl Harbor plants are all ineffective and that the distance of telephonic communication is equal to that of telegraphic transmission. It is also perfectly apparent that the chief merit of the application lies in the magnification of the microphonic impulse. It must not be imagined that we deal here with new discoveries. The improvement simply concerns the control of the transmitted and the magnification of the received impulse, but the wireless system is the same. This can never be changed.

"It is claimed that static disturbance will fatally interfere with the transmission, while as a matter of fact there is no static disturbance possible in properly designed transmission and receiving circuits. Quite recently I have described in a patent circuits which are absolutely immune to static and other interferences, so much so that when a telephone is attached there is absolute silence, even lightning in the immediate vicinity not producing a click of the diaphragm, while in the ordinary telephonic conversation there are all kinds of noises.

"Another contention is that there can be no secrecy in wireless telephone conversation. I say it is absurd to raise this contention, when it is positively demonstrated by experiments that the earth is more suitable for transmission than any wire could ever be. A wireless telephone conversation can be made as secret as a thought.

"I have myself erected a plant for the purpose of connecting by wireless telephone the chief centers of the world, and from this plant as many as a hundred will be able to talk absolutely without interference and with absolute secrecy. The plant would simply be connected with the telephone central exchange in New York city, and any subscriber will be able to talk to any other telephone subscriber in the world, and all this without any change in his apparatus. This plan has been called my 'world system.' By the same means I propose also to transmit pictures and project images, so that the subscriber will not only hear the voice, but see the person to whom he is talking. Pictures transmitted over wires is a perfectly simple art practiced today. Many inventors have labored on it, but the chief credit is due to Professor Korn of Munich."

$2,000 Awaits Lost Cat.

Chicago.—John H. Warder used to think a great deal of his pet angora cat, Boyse. In his will he provided that $2,000 be set aside in a trust fund for the care of Boyse at a cat paradise in Massachusetts. The will has just been filed for probate, and Mrs. Warder, to whom the whole estate is left, was asked what she intended to do in regard to Boyse. "Goodness!" she exclaimed, "we gave Boyse away a year ago. I don't even know where he is now."

Kansas City Market Letter.

Kansas City Stock Yards, Oct. 13.—Cattle receipts today were 19,000 head, following a run of 34,000 yesterday. The market this week is a repetition of that of last week, prices weak to 15c lower on Monday, steady to strong today, with much better action. Corn-fed steers sold a shade higher today, top $10.05, a fair number of cattle at $9.65 and upwards, although prime cattle are relatively very scarce.

Choice Greenwood county grass steers sold at $9.25, medium steers around $8, plain cattle weighing 1,025 to 1,150 pounds at $7.25 to $7.65, common steers 1,000 pounds or less around $6.75, prices steady with yesterday. Feeder demand is stronger than heretofore, prices firm, good Kansas steers weighing 1,200 pounds taken to the country today at $7.85, good feeders 950 to 1,100 pounds, selling at $7.50 to $7.75.

Attendance of buyers is very heavy, stock yards stables being completely emptied of saddle horses, and many buyers on foot. Two-thirds of the supply this week is stockers and feeders, a proportion suited to the distribution of demand. Bulk of the stock cattle sell at $6 to $7.50, a few sales on both sides of these figures.

Quarantine offerings continue very light, 7 cars today, including 2 cars of 975-pound steers at $6.60. Butcher cattle are steady, heavy native cows $5.75 to $6.50, Colorado cows $5.25 to $6, plain heifers $6.00 to $7.25, good to choice heifers $8.00 to $9.25, bulls $5.25 to $5.85.

In the hog market prices are firm today, and trade active, receipts 14,000 head. Popular weights now are from 200 to 300 pounds, some 300-pound hogs at $8.45 today, top $8.50, bulk of sales $8.15 to $8.45. Order buyers took almost half the hogs today, and competition from that source is keeping prices up on all weights, very few hogs selling down to $8 now.

Receipts are increasing each week, but so far popular demand has more than kept pace with the growing supply. Of course, when the supply increases faster, as is expected, prices may decline gradually. Sheep and lambs arrived to the number of 16,000 head. Sheep and yearlings sold steady, fat ewes $6, wethers $6.40, choice light yearlings $7.25. Fat lambs sold weak to 5c lower, top, $8.65, bulk of the good lambs around $8.50. Feeding lambs are holding about steady around $8.25, feeding ewes $4.50 to $5.25, breeders $5.75 to $7.25.

County Superintendent Bert Cooper received a shipment of maps of Missouri to be distributed to the schools of the county. They are the gift of the Chillicothe Business college.

WILSON LAYS CORNER STONE

Great Amphitheater in Arlington Cemetery Finest Ever Erected to a Nation's Dead.

Special to The Democrat-Forum.

Washington, Oct. 13.—President Wilson today set the cornerstones for the great amphitheater to be erected in Arlington National cemetery as a memorial to the nation's dead. The exercises were to have been held October 1 during the jubilee of the Grand Army of the Republic here, but they had to be postponed because of the heavy rain.

Secretary of the Navy Daniels delivered the principal address. Speeches also were made by Judge Ivory G. Kimball of this city, representing the United Spanish War Veterans.

Some of the veterans remained over from the recent encampment for the exercises today, but the representation was small compared to that which had planned to be present on the original date set for the event.

The amphitheater, when completed, will be the finest memorial ever erected by a nation to the memory of the men who fought to defend it. The cost of the structure proper will be $75,000 and $100,000 more will be spent in grading and building approaches to it.

Should Be "Benedick."

Do you know why you call a recent bridegroom a "Benedict?" Perhaps you know that the term does not properly apply to any but the bachelor who has long refused his approval to the ancient and honorable state of matrimony, although it is loosely used to cover husbands of all ages and previous conditions of mind. Which particular Benedict gave his name to the recently married man. There was Benedict Arnold; but it is not related of him that he was a woman hater, and besides, the term was in use in English letters before the revolution. And then there is Saint Benedict, the Italian abbot, Benedetta, who founded the Benedictus order and the great monastery at Monte Casino. One of the remarkable stories of his early life has to do with a wondrously beautiful woman whom he loved so ardently that he came near abandoning his religious work to woo and perhaps win her. In his fight with this devouring passion, he threw himself into a thicket of wild roses, and it is said the beautiful Benedictine roses grew from the thorns that had lacerated his flesh. But he did not marry at all. He overcame his love and the lady never knew anything about it. No, neither he nor any other Benedict was responsible. The fact is, the newly married bachelor should be called a "Benedick," in memory of the man who succeeded to the charms of Beatrice, in Shakespeare's 'Much Ado About Nothing." A Benedict, as the Latin scholar knows, is a "blessed man," but the Benedick is one who has abandoned single blessedness.—St. Louis Globe-Democrat.

Aid Society to Meet.

The Ladies Aid Society of the First Methodist church will meet Thursday afternoon at the home of Mrs. S. J. De Armond on East Third street. The session is an important one and all members are expected to be present.

Miss Hudson Hostess.

The Westminster Guild was entertained las tnight by Miss Nelle Hudson at the first study meeting of the year. Miss Helen Leffler conducted the program taking up the subject of what other Guilds are doing and the significance of the work. A social hour and luncheon concluded the evening.

Gives Bridge Tea.

Mrs. Nick Sturm and Miss Clara Sturm entertained with a bridge tea yesterday afternoon for the pleasure of Mrs. William Johnston of Seattle, Wash., and Mrs. Wray Dudley of Pittsburg, Pa., who are visiting home folk in Maryville. The game prize was won by Mrs. Edward Keck and the guest favor by Mrs. Ike Thomas Pryor of Fort Stockton, Texas, who is visiting her parents, Judge and Mrs. W. C. Ellison.

Dakota Guests Complimented.

Mr. and Mrs. C. V. Roof of Parnell gave a dinner Sunday night, entertaining in honor of their guests, Mrs. J. B. Mercer and daughter, Margaret, of Herrod, S. D. The table was attractive with carnations and ferns, and plates were laid for Mr. and Mrs. H. O. Gray and four sons, Mr. and Mrs. Ed Roof and son of Blockton, Ia.; Mr. and Mrs. A. D. Martin and daughter, Elizabeth; Mrs. Mercer and daughter, Miss Belle Stewart, A. J. Roof, Miss Elizabeth Steren of Clyde, Miss Mary Treece and Miss Gladys Powers.

Observes Wedding Anniversary.

Mr. and Mrs. Harley Teaford entertained a party of friends Tuesday night at their home to observe the fourth anniversary of their wedding day. The evening was spent with various games and the serving of a delicious collation contributed to the pleasure of the evening. Mr. and Mrs. Teaford were presented by the guests with a handsome set of table linen in remembrance of the occasion. Those present were Mr. and Mrs. Roy Martin, Mr. and Mrs. John Awalt, Mr. and Mrs. Grant Trusty Mr. and Mrs. W. P. Howland, Dr. and Mrs. C. A. Bone and their guest, Miss Dickford; Mr. and Mrs. Fred Harbison, Mr. and Mrs. Edward Dragoo, Mrs. Nellie Lillibridge of St. Joseph, a house guest of the Teafords, Miss Lottie Maalam, Miss Margaret Cook, Jesse Boatman and the hosts.

Gives Wager Supper.

A three-course supper, was given Monday night at the apartments of Miss Beulah Brunner at Perrin hall. Mr. W. W. Jones entertained a party of twelve. Mr. Jones was host by compulsion and not invitation as the supper was the result of a wager made with all the diners at a certain table at Perrin hall. Those in the party were Mr. and Mrs. Jones, Miss Brunner Miss Mildred Miller, Miss Bernice Rice, Miss Elizabeth Lauer, Miss Cora Price, Miss Alice Porter, Miss Mary Lynch, Miss Virginia Rose, Dr H. L. Stinson.

Delegate to Convention.

Mrs. Rolla Alexander will leave tomorrow morning for Sioux City, Ia., to attend a meeting of the Des Moines branch of the Women's Missionary society of the Methodist church. Mrs. Alexander will represent the Young Ladies' society of the First Methodist church of this city, which is affiliated with the Des Moines branch. Mrs. L. L. Holbrook, who represents the Women's societies, left this morning, and Miss Mary Q. Evans and Miss Lucile Airy went last night to Sioux City to attend the convention, which is an annual meet.

Wedding Date Announced.

At a dinner given last night by Mrs. Charles Thomas Bell at the Bell home, on West Third street, the announcement of the approaching marriage of her niece, Miss Mildred Robinson, to Mr. Edward Wright Gray was made public. The date of the wedding will be Saturday, October 30. The dinner guests were limited to relatives of the bride and the members of the Hum drum club who are now in the city. The dinner appointments and table decorations, which were of unusual beauty, were entirely in pink tints. The flowers used were pink roses, and the table was centered with a mound of pink roses and white snap dragons. The places were marked with pink parasol name cards, and the individual favors were pink roses. The announcement was entirely unexpected by the guests, as they had been told that the dinner was in honor of the birthday anniversary of Miss Marjorie Wilfley, and also a surprise to her, and the role of surprised guest was perfectly acted by Miss Wilfley. Following the salad course of the dinner, a white grape juice cocktail was served the guests, and resting on the edge of each glass was a tiny white bird, bearing in its mouth a gold edged card with the message "My bird says" on the side turned toward the guest. When all were served Miss Robinson read the message on the back of her card and each guest followed with the reading which was the announcement told in rhyme. At a signal from the hostess all stood while the bride was toasted, Miss Marjorie Wilfley delivering a clever toast to Miss Robinson, who has been the chosen favorite of the circle of girls present. Plates were laid for Miss Robinson, Mrs. James B. Robinson, Mrs. F. P. Robinson, Miss Marjorie Wilfley, Miss Eleanor Smith, Miss Ruth Reuillard, Miss Virginia Robinson, Miss Geneva Wilfley, Miss Vera Tilson, Miss Ora Barmann and Mrs. Bell.

WHEN CROY VISITED MISS OTIS.

Humorist on Donkey a Laughable Sight, But From Old Nodaway.

One day Miss Dora Otis, sister of Merrill E. Otis, assistant city counselor, a returned missionary from China who is visiting in St. Joseph, was sitting on her front porch in Foo Chow, China, admiring a gorgeous bit of landscape. It was all very beautiful indeed until——

Over a brushy foothill approached an awkward sight. It was a tall, spindly man astride a diminutive donkey. His long legs touched the ground, and with his ample feet he pushed himself along as one pedals a bicycle. Finally the man fairly shoved the donkey up to her dwelling.

"Miss Otis?" the stranger inquired.

"Yes," she smiled, as one would on a native countryman.

"I'm Homer Croy," the caller introduced himself, "correspondent for Leslie's and writing 'Laughing Around the World.'"

Croy and Merrill Otis attended school together in Nodaway county, Missouri. The assistant city counselor asked the humorist to visit his sister when Croy was here on his way around the world.

Miss Otis came to St. Joseph today to make an address on Chinese missionary work tonight at the Gooding Methodist church, 202 West Colorado avenue, South St. Joseph.—The News-Press.

FOSTER'S HIT NO "FLUKE"

In Deciding Game in Texas League He Won His Own Game in Last of Ninth With Home Run.

When George Foster, star pitcher for the Boston Red Sox, stepped to the plate in Philadelphia Saturday and slapped out a hit that won his game, it was no fluke.

He did the same thing under almost as thrilling circumstances in his last game in the Texas league. He drove out a home run with two on bases in the last of the ninth when San Antonio seemed to have the pennant cinched over his team, Houston. Incidentally he got $150 for that one hit.

STORE SEED CORN WELL.

Sweating Must Be Avoided and No Two Ears Should Touch.

In storing seed corn, three things should be kept in mind, according to J. C. Hackleman of the Missouri College of Agriculture. They are (1) a dry room or building, (2) a fairly low, even temperature without hard freezes, and (3) a well-ventilated room from which moisture from the sweating grain may easily escape. Seed corn may be injured if stored above sweating grain from which it receives moisture.

These essentials are most perfectly secured by proper storage in an attic, as careful tests have shown that better results were obtained from such storage than from any other. Cellars in which there are furnaces are excellent; others are likely to be too damp. If it is impossible to use any of the houses in this way, suitable places can probably be found in tool sheds or other farm buildings.

A frame of 2x4's may be built from two to six feet square and strongly braced. If chicken netting is then stretched over both sides in such a way that the holes match, the ears may be thrust through and stored very cheaply. They may be swung from the roof in strings, held by baling wire or binding twine, or may be stuck on nails driven into an upright 4x4 post from which the corners have been trimmed so as to make room for eight rows of nails instead of only four. Mice may be kept from this seed corn tree by nailing tin around the bottom just above the base or by inserting a hook in the top by means of which the tree with its load may be hung with a wire from the roof.

A study of your own conditions will perhaps show you better methods than any of these which will meet the requirements of good storage.

Don't forget to sow rye for fall pasture and to prevent soil washing.

If Women Are Conservatives.

Some radicals oppose woman suffrage, for, they say, the mass of women are conservative and reactionary. If this is true, do not these radicals know that women have a vast political and economical influence, whether they vote or don't vote? If the mass of women are more conservative than the mass of men, is it not because they have had less incentive and opportunity to inquire into the economic and political facts that stir persons out of inertia? There could hardly be a stronger argument for woman suffrage and for impressing women with the facts of life about them—the life which they influence tremendously in the home, in the school, in the family council—than lies in this assertion of woman's general conservatism.

ENFORCE GRASS WIDOW RULE

Civil Service Examiners Bar All Applicants of This Type.

Washington.—The rule of the postoffice department that "no grass widows need apply" was adhered to by the examiners of the civil service commission in examining applicants for government positions. This is not a new rule, but it is being enforced more strictly now than ever before.

The postoffice department has had a regulation for several years that barred from its civil service roll married women. Grass widows are considered married, but divorced women are not and therefore are eligible.

Recently the postoffice department and the civil service commission let up on the grass widows somewhat. Women who were separated from their husbands without fault of their own and were struggling for a living were admitted, but the drawing of the line between those who were grass widows for cause and those who were grass widows by no fault of their own became a bone of contention, and all grass widows were barred.

WED AFTER FIFTY YEARS.

Sweethearts Before Civil War Now Happy Together.

Lexington, Ky.—Oliver Marcum and Mrs. Mary H. Murray were married by the Rev. J. S. Thompson at the minister's home here. Marcum is seventy-two years old and his bride seventy-one.

The couple were sweethearts before the civil war and had not met in fifty years until the day before they were married. The bridegroom and the minister who married him served in the same company in the federal army.

Marcum's first wife died four years ago. His bride had been a widow many years.

GIRL IS DEPUTY CORONER.

Miss Edison, Who Became Doctor In June, Gets Post In West.

Seattle, Wash.—The little city of Tolt has the distinction of having the first woman deputy coroner appointed in this state.

Dr. Hazel Edison, who was graduated last June from Rush Medical college at Chicago, hung out her shingle in Tolt in July. With a runabout she makes calls in all parts of her mountainous territory and is already popular. As deputy coroner she will have to investigate all violent and suspicious deaths in her district.

CRACKED HEAD THAT HEALS HELP TO BRAIN

Results In Regeneration of Tissues, Says Professor.

Chicago.—For fifteen years Charles Manning Child, associate professor of zoology in the University of Chicago, has been experimenting on plants and animals to solve the problem of youth and age. As the result, in his "Senescence and Rejuvenescence," Professor Child turns upside down a lot of current notions about growth and death.

He prescribes regular fasts, provided no organic disease exists. He suggests vacations or changes in mental occupation after long continued mental labor in a particular field. The effect of change is the rejuvenation of the nerve cells, he finds, and this means the nerve cells are built up anew as in youth.

Professor Child utters a warning against overeating. Overnutrition, he says, increases the rate of senescence. All life, he points out, is a development toward senescence and death. Nature's idea is to build up a man, have him do his duty toward increasing the species and then move on to disintegration.

Injuries, when death does not follow, result in the regeneration of the tissues affected, and this regeneration makes those tissues young again.

A cracked pate that heals is good for the brain. From this comes the explanation of the old familiar story of the man who, recovering from an almost fatal injury or a serious illness, becomes healthier, more vigorous and youthful than before. It also confirms the old one about the idiot who, being hit a terrific blow on the head, regains his reason.

RICH WIDOW ADOPTS PASTOR.

Young Preacher With Family Announces News From Pulpit.

Ashland, Ore.—The Rev. Arthur R. Blackstone, pastor of the Baptist church here, has been adopted by a wealthy widow, Mrs. Aurelia Ferguson, who has made him her heir. His benefactress' estate is estimated at $100,000.

The minister retains the name of Blackstone. He is a young man with a family. To forestall criticism he announced the news from his pulpit.

Makes Squirrels Work.

Clarkesville, Ga.—John D. Kesler, a popular barber of this city, is believed to be the first man to put squirrels to work. He has a pair in front of his shop, and they turn the usual barber's colored sign. The little animals keep the cylinder turning almost as continuously as a motor, and the irregularity of the movement attracts greater attention.

District Federation Of Women's Clubs To Be Marked By Brilliant Reception At Normal Tonight.—To Hold Open Session Tomorrow

With an informal reception held in the library rooms of the State Normal school at 8 o'clock tonight, the thirteenth annual meeting of the first district of the Missouri Federation of Women's Clubs will open.

A number of the delegates representing the twenty-five clubs of the district are already in the city, as well as the members of the executive board of the state federation, which has been in special session here since yesterday morning.

The invitations to the reception include the members of the Twentieth Century, M. I. Circle, Mothers' Circle, P. E. O. chapter, faculty of the State Normal, city schools, Conservatory of Music, Maryville Business college, and ministers of the city. Each is privileged to bring a guest to the reception.

To Give Royal Welcome.

The club women who are hostesses to the meeting want to give their guests the royal welcome which is due them from the city of Maryville, and are anticipating the presence, along with a glad hand greeting of everyone. The invitation is practically a general one, as the women want every one in the city to meet their guests.

The program will open at 8 o'clock and is as follows:

Ladies' chorus.

Vocal solo—Mrs. F. M. Townsend.

Address of welcome—For clubs, Mrs. G. H. Colbert; for city, Mayor U. S. Wright.

Response—Mrs. J. M. Dunn, XIX club, Chillicothe.

Vocal solo—Mrs. D. J. Thomas.

Address—Mrs. W. R. Chivvis, state president, St. Louis.

Reception at Normal.

The Thursday meetings, which will be held in the First Christian church, will be devoted entirely to the business of the district. The morning session will begin at 9 o'clock, and the program will include the reports of committees and other routine work.

District Reports Thursday.

Luncheon will be served in the parlors of the church at noon. At this time Mrs. George Still of Kirksville will respond to the toast "A High Flyer." Mrs. Still is treasurer of the state federation and well known to the club women of Maryville, who are gratified over her presence at this meeting.

At the conclusion of the afternoon program the visitors will be taken on a sight seeing motor trip over the city, and the convention will close with a dinner Thursday night at the church.

Dinner tonight and Thursday night and luncheon Thursday noon will be served by the women of the Christian church, and all the club women of the city are invited and expected to come to these dinings to meet the visitors in a social way and show the hospitality due the guests.

Rarely in the history of towns like "our town," and never before in Maryville have so many charming, brilliant and brainy women been assembled. Backed by human kindness and the broadest of social philosophy, these women have been behind some of the greatest movements for the benefit of Missouri and her people.

They are our guests and every business house, every man and every woman in the city should do something to show them a most gracious welcome.

As a compliment to the club women, a number of the city business houses have decorated their windows in the district colors of yellow and white. Several are exceptionally beautiful and attractive.

The club sessions of tomorrow are open to every one in the city interested in women's work who would like to attend. They are held in the First Christian church, and the welcome is broad and wide for men and women.

One of the most charming women whom it has been the pleasure of the Maryville women to meet is the state president, Mrs. W. R. Chivvis of St. Louis. Mrs. Chivvis possesses all the charm of a gracious southern woman, and makes her first public appearance here tonight at the reception at the State Normal school, giving the principal talk of the program.

Mrs. George Still of Kirksville, treasurer of the state federation is well known here because this was her husband's boyhood home and the Anderson Craig and Frank families are her relatives and she has all the likable family traits, too. She is a sister of Miss Leota Dockery of Kirksville who was one of the city school teachers for a time.

Miss Marie Goodman, a member of the Athenaeum club of Kansas City, and vice president at large of the state is busy as any vice-president could ever hope to be looking after the numerous things on her list of duties, but with all that she has plenty of time to greet her Maryville sisters with such a charming smile and manner that one wishes the meeting had come sooner.

Miss Pearl Mitchell, who is known by every reader as "Missouri's most successful woman farmer," is chairman of the industrial commission of the state federation and the principal thing which her committee wants to bring about is a state board of censors for moving pictures, and to have this board composed of both men and women. Another thing which is the desire of these women is the establishment of county homes for delinquent and neglected boys and girls. The best ways and means for bringing about these two things are presented at this session.

Miss Mitchell has a personality which newspaper parlance cannot describe. It's much too attractive. She owns and operates a 320-acre farm near Columbia, has accumulated a fortune in the doing, is traveled, cultured, charming and known everywhere by the success of her profession which she calls that of a "cornfield lady," and her ability to do a large work. She has given liberally to many of the philanthropic institutions of the state and is now educating a young woman as an individual work along with her general contributions. Her epigrams and witty sayings are constantly being told around the club sessions.

Miss Mitchell is president of the Missouri Women's Farmer's club, an organization of thirty members formed for mutual benefit and the only one of its kind in the country.

BIG POULTRY PRIZES

MARYVILLE MERCHANTS GIVE 31 SPECIAL CUPS.

QUITMAN ALSO GIVES

Townships Beginning to Respond to Call for Sectional Contests—Children Will Enter Trios.

The merchants of Maryville have done themselves proud in the giving of thirty-one cups for the poultry show which will be held here December 1-4. The loving cups will become the property of the winner this year permanently and will not have to be contested for again.

The offering of the cups was suggested to the Nodaway county show by the success of the Shenandoah contest last year, where sixty-five cups were offered. Quitman and Burlington Junction have also responded to the invitation of the management of the show to offer prizes to be contested for by exhibitors from their township only.

Other township vice presidents are expected to report such successes from their towns before the opening of the show. H. England for Green township has sent in the following list of Quitman merchants who will give $1 each to the winners of the best pen of the various classes:

Quitman Donors of Prizes.

Fred Wright, best pen of White Rocks; A. C. Parshall, Rhode Island Reds; H. England, capons; H. C. Bailey, Buff Orpingtons; F. C. Wilson, Barred Rocks. A capon for the Christmas dinner will also be given by Mr. England to the winner of the best capon.

The merchants who will give prizes to the Nodaway township exhibitors are: First National bank, Northwestern bank, Vance store, J. W. Praisewater, Carter pharmacy, Jones meat market, Corken & Yaple, Morehouse & Co., Commercial barber shop, Rees Lumber Co., Aesdale's store, City bakers, Bailey & Griffey, House drug store, Miller jewelry store, Loren E. Smith, Post and Sewell & Cook.

Mrs. W. P. Nicholas was the township vice president who secured this fine list of prizes from the Burlington Junction merchants. Indications are almost all of the children who received settings of eggs last spring will have fine exhibits in their special trios of a cockerel and two pullets for the prizes offered by the State Poultry association. Most of the boys and girls will contest for the pen prizes also.

The judge will be the same as the last two years, E. M. Quay of Indiana. He is one of the judges of the Chicago poultry show and has been engaged for this year again. The local association will offer a special prize to the township in Nodaway county which enters the largest number of birds in the show.

Judge J. H. Sayler, secretary of the Northwest Missouri Poultry association, who will give the show, wishes to remind the members that their 50 cents fee must be paid before they may contest for any prize.

M. E. MEN TO HEAR KIMBALL

White Temple, St. Joseph, Pastor, Will Address Brotherhood at Banquet Friday Night.

The Rev. C. O. Kimball, D. D., pastor of the White Temple Methodist church in St. Joseph, will address the Men's Brotherhood of the First Methodist church here at their weekly meeting Friday night.

The women of the Ladies' Aid will serve a banquet, beginning at 7 o'clock. A report of the annual conference at Cameron will be heard informally, and the members will express to Rev. G. S. Cox their appreciation of his return for another year.

FARE BY CONCEPTION LOWER

Now $1.25 Instead of $1.40—Wabash and Great Western Trains Will Wait for Connections.

The fare from St. Joseph to Maryville via Conception Junction is now $1.25 instead of $1.40, as formerly. This notice was received by the Maryville Commercial club today and is the result of work on the part of the club for the concession.

Another favor which the club secured was that the Wabash and Great Western trains will be held a reasonable length of time for connections at Conception Junction.

FOUR NEW SUITS FILED

Back Taxes, Appeal, Perfect Title and Damage Cases Listed Today for January.

William R. Tilson, county treasurer, and the state of Missouri filed suit for back taxes yesterday against Dan W. Jones. Wayne Ingram filed an appeal from the justice of the peace court of Hopkins township against a verdict of J. D. King, the justice, in favor of Al Kysar for a $12.40 bill.

Lincoln J. Hutchinson et al, vs. Sarah Long et al., filed suit to perfect a title. Henry Moore, who lives four miles south of Ravenwood, filed suit against the Chicago Great Western Railway company for $150 for the loss of a cow which was killed.

TO SELL ROAD BONDS

Court to Select Best Bid for Nodaway Township Road Issue of $35,000.

The county court will meet tomorrow to open bids for the $35,000 bond issue of Nodaway township. This is the second time bids have been received, the first time the court rejected all bids, as it was stated the bonds would not be sold below par and there were bids of above par and below par. So the court decided to meet again tomorrow and the bonds will be sold to the best bidder, regardless of whether above or below.

There were three bids in this afternoon for the issue. They were F. L. Fuller & Co. of Cleveland, Whitaker & Co. of St. Louis, and C. H. Coffin of Chicago.

MARK TURNER HOME AGAIN

Reports Worst Season Ever With His "Wonderland" on Account of Continual Rain.

Mark A. Turner is back after the worst season which he has ever known with his "Turner's Wonderland" show. He says that from April 1 to October 8, when he left the troupe at Wellington, Kans., they had only five weeks without rain.

Starting in Oklahoma, they found the price of oil low and cotton not selling, so business was poor and they turned north. Going through Kansas, Nebraska, Iowa, Minnesota and Wisconsin, the weather was the same as Nodaway county enjoyed all summer.

The "Wonderland" has been combined with a Wild West show most of the summer and will continue together. They are going into Oklahoma and Texas this winter, where Mr. Turner expects to take charge again about January 1. He will remain in Maryville until that time.

CAN YOU WALK BACKWARDS?

If You Can't, Stay Away From Epworth League Reversed Social Friday Night.

Those who attend the "backward" social which will be given in the basement of the South Methodist flats by the Epworth League of the Buchanan Street Methodist church next Friday night will have to have the reverse thrown on all the time .

The first requirement is that all clothes must be on rearwards in front Men will pay fines from 2 cents for the tie to 10 cents for the trousers if they are on the way fashion says they should be, rather than backward. Collar and shirt will cost 4 cents; coats and glasses, 5; shoes and belt, 3.

The women will pay 3 cents fine on belt and shoes, 4 on the collar, 5 on the waist and glasses, and 10 cents for the skirt. The real fun will come in the entertainment committee's work.

Everyone will be asked to walk backwards constantly on pain of a fine; probably the refreshments will be served first instead of last, and—but you'll have to go if you want to know all the "foolish" things that human beings are able to think up.

Indianapolis, Oct. 13.—The case of Mayor Bell, charged with corrupting elections, went to the jury at 10:30 this morning.

GERMANY GOES ON

SO BERLIN SAYS, BUT SERVIA DENIES IT.

GAIN IN WEST CLAIMED

But Paris Enters Strong Denial to This Assertion Also—Heavy Artillery.

Read Democrat-Forum want ads.

Berlin, Oct. 13.—The war office announced that the German army continues its progress in Servia, although the way is stubbornly contested by the Servian army.

Under a fierce resistance, the Teutons crossed the Gradist road and captured the heights on both sides of the Torpoderska river. The village of Leleik was also seized.

On the western front, the German office asserts that many French positions in the Vosges and around Souchez were captured.

Serbs Deny German Gains.

Athens, Oct. 13.—The Servian legation here announced that they are still holding all the heights along the western frontier, and that Belgrade was not in danger.

Two thousand deaths have been reported in the effort of the Bulgarians to cut the railroad at Zagetchar. They were defeated and repulsed in the attempt, Nish reports say.

French Also Make Denials.

Paris, Oct. 13.—The German heavy artillery attacked the French lines at Souchez; then the infantry was thrown against the trenches, but all Teuton attacks were repulsed, the official bulletin of the French war office says.

The great artillery duels continue all along the front, but the Germans have made no gains, according to the French.

Russian Troops to Bulgaria.

Athens, Oct. 13.—A fleet of Russian transport ships, convoyed by warships, started from Odessa yesterday for the Bulgarian coast.

CARROLLTON MAN KILLED.

Was Struck by a Santa Fe Passenger—Leaves Wife and Two Children.

Carrollton, Mo., Oct. 13.—Dick Smith a well-known railroad man here, was killed by a Santa Fe passenger train this morning. He leaves a wife and two children.

GERMANS IN RETREAT.

Russians Claim to Have Advanced Thirty Miles in the Last Three Days.

Special to The Democrat-Forum.

Petrograd, Oct. 13.—It is announced that the Austro-Germans are defeated and are retreating along a 50-mile front towards the Zlotalipa river. It is reported that the Russians have advanced 30 miles in the last three days and are crossing the Strypa river. The Teutons have made stubborn resistance, and at several points have broken under the Russian attacks, it is said.

BILLY SUNDAY TO KANSAS CITY.

Says He'll Come in May if Louisville Will Give Up Their Place.

Special to The Democrat-Forum.

Omaha, Oct. 13.—Billy Sunday told the Kansas City delegation which visited him yesterday that he would come to their city in May, 1916, if they could get the consent of Louisville to give up their place.

FOREIGN MINISTER OUT

Member of French Cabinet Resigns on Account of Ill Health, President Announces.

"PERFECT HARMONY PREVAILED."

Special to The Democrat-Forum.

Paris, Oct. 13.—The French minister of foreign affairs has resigned on account of ill health, it was announced by President Poincaire this morning.

Secretary de Lacasse handed in his resignation two weeks ago, the premier announced. The cabinet insists that perfect harmony prevailed and that the reason given is the real cause of the withdrawal of the foreign minister.

KANSAS OFFICIALS MEET.

League of Municipalities Opens Three Days' Session in Hutchinson.

Special to The Democrat-Forum.

Hutchinson, Kan., Oct. 13.—The League of Kansas Municipalities opened a three days' session here this morning. Almost every city and town in the state was represented.

Corporations, franchises, and the administration of city affairs are the chief topics of discussion.

HAS SWEEPSTAKES PEAR.

Stewart Robinson of Pickering Picks Unusually Large Variety.

Stewart Robinson, living a mile east of Pickering, feels that he is entitled to the sweepstakes prize on pears. He picked one from his trees yesterday which weighs 1 pound and 12 ounces and measures 14 inches around the center and 16 inches around the long way.

Mr. Robinson gathered a number which were nearly as large as the prize sample, and the entire crop is unusually fine.

PALESTINE REVIVAL SUBJECTS.

Rev. S. D. Harlan Conducts Meetings Which Are Growing in Interest.

The Palestine Christian church, which began revival services a week ago, reports that they are growing in interest and power. The evangelist, Rev. S. D. Harlan, announces the following subjects for the coming week:

Wednesday—"Divine Authority."

Thursday—"The Problem of the Unsaved."

Friday—"Naaman, the Leper."

Saturday—"Pentecost."

Sunday morning—"The Mission of the Church."

Sunday night—"Sons of God."

Monday—"The Modern Dance."

Deny New Engagement.

RED SOX WORLD'S CHAMPIONS 5-4

FOSTER WINS HIS SECOND GAME —MAYER AND RIXEY LOSE.

HOOPER AND LUDERUS EACH MAKE HOME RUN

Boston is Not to Be Denied, and Ties the Score Twice After Being Behind by Two Runs.

Summary of the Game.

The score:

	R.	H.	E.
Boston	5	10	1
Philadelphia	4	9	1

Batteries—Foster and Thomas, Cady; Mayer, Rixey and Burns.

Special to The Democrat-Forum.

Philadelphia, Oct. 13.—Boston Red Sox, world's champions, 1915.

They were not to be denied. Coming from behind with a rush in the eighth and ninth innings, they took the deciding game of the series 5-4 today. Twice they tied the score when two runs behind and then got the necessary one in the ninth again.

Foster won the second game he has pitched, although hit hard today. Moran sprang a big surprise by bringing out Mayer and Rixey as his pitchers instead of Alexander.

How Scores Were Made.

Foster and Thomas began as the battery for Boston and Mayer and Burns for Philadelphia. Mayer was replaced by Rixey in the beginning of the third, and Cady took Thomas' place behind the bat for Boston in the sixth.

Stock, first man up in the first, was struck by a pitched ball. Bancroft singled and Paskert bunted safely, filling the bases. Cravath hit into a double play, Stock being forced at home and "Gavvy" out at first base. Luderus then doubled, scoring both the men on bases.

Gardner tripled in the second and scored on Barry's single. Hooper knocked a home run with the bases empty in the third. In the fourth Luderus slammed out out a homer and Nichoff followed it with an earn by his single and the sacrifices of the others following.

The crowd jammed the park and the weather was ideal.

Phillie Fans Despondent.

"Can the Phillies, standing on the brink of oblivion, hurl back the onrushing Red Sox?" was the question in the mind of every Philadelphian today. Everyone felt sure that Alexander would pitch again today, but all realized that they cannot depend upon him to win and that the Quakers must roll up some tallies before he can be expected to win from such a slugging team as the Boston American leaguers.

The deepest gloom seemed to have settled over the Philadelphia fans this morning. All were disgusted with the batting of the Phillies. The odds were 6 to 1 for the Red Sox on the series, and 5 to 4 on today's game. Carrigan said that it was all over, but Moran said that his team was confident that they could come back and win.

Strong fears were held early this morning that the game would have to be postponed when the special train bringing the teams and rooters from Boston was delayed five hours at New Haven by the engine breaking down. They were expected in Philadelphia about 12:30, however, after the repairs were made.

Announcement.

We are authorized to announce Robart I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

If Villa has to quit fighting in Mexico, he has a trade he may return to.

A dispatch says Serbia is not losing. After all this war and a siege of typhus fever, there probably isn't much of anything else left to lose.

Where is the old fashioned town where the motorists still fill their gasoline tanks from a five-gallon can brought from the rear of the grocery store by the clerk.

Here is an exceedingly unkind observation: The St. Joseph Gazette rises to remark that "the board of public works is a new broom that is expected to sweep clean by the vacuum method."

Those gentlemen who are seeking to induce Ex-Gov. Hadley to enter the race for governor, promise him the votes of "a large majority of the republicans and thousands of disgusted democrats." There were thousands of disgusted democrats who voted for him before, but never again. The disgust was too great.

WE HAVE THE MAN.

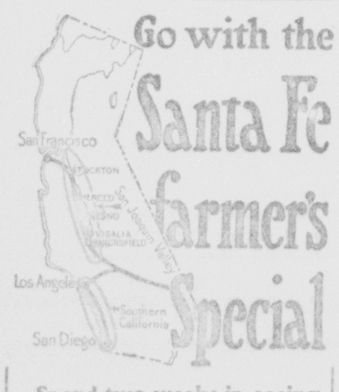
While there are a goodly number of good men mentioned for the Democratic Gubernatorial nomination in Missouri, there is still room for more of the right caliber. There is an almost universal demand at this time for a big, broad, sound and safe man to lead the Democratic ticket in Missouri next year. There is a demand for men who can command attention and support because of their well known ability and fitness.

There never was a time when the party was more willing to disregard all former alliances and unite upon an acceptable "big enough" man. The people are distinctly in the saddle and no faction or following will prevail to nominate any but a man who measures up to the requirements.

Maryville has the "big enough" man. He is not a candidate and has perhaps never thought of it but he fills the bill and this is the year when men of that kind are being sought. He is a big, broad, learned man. He is one of the greatest lawyers the state has produced. He is a good mixer, a forceful speaker and the fact that he has been elected and can be re-elected judge of this circuit without opposition, is sufficient evidence of his popularity.

He has belonged to no factions or political clans. He has no entangling alliances or obligations and he comes from a section of the state that has asked but little of the state of Missouri. He comes from a section truly representative of the great state of Missouri and rich in everything but aspirants for state offices.

His reputation as a jurist, as a lawyer and as a clean, capable man is broad enough to compensate for any lack of acquaintance with state politics. If nominated for the great office of Governor, he would carry northwest Missouri by an unprecedented majority and lend dignity, weight and wisdom to this high position. His name is William C. Ellison, Judge of this the Fourth Judicial District.



Go with the Santa Fe Farmer's Special

Spend two weeks in seeing California in connection with your visit to the two Expositions.

This tour is especially for rural folks and others interested. I want you to see the San Joaquin Valley and talk to the people about the greater production per acre, the balmy, healthful climate, the year-round growing season. You will be the **guests of many communities** in Southern California and San Joaquin Valley. You will be **taken on auto trips** to see their farms, orchards and homes. We have no land to sell. We just want you to see and know California.

Let me tell you at what **small cost** this trip will be made. We will live on our own special cars most of the time, so saving hotel bills. Go with us on the Santa Fe, stop a day at Grand Canyon and return Santa Fe or any direct route.

This party will leave Chicago October 14, reach San Francisco about October 30, and return from there at your pleasure up to December 31. You'll see rural California—as you could see it in no other way. You'll see the two great world expositions. Also you'll see the Grand Canyon of Arizona.

Make reservations promptly, to insure getting space wanted—the time is short.

Write me to-day for itinerary, particulars and rates.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yet—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

CENSURE HARVARD BOYS' TALK

It's Slander, Vapid War Chat and Personalities, Says College Paper.

Cambridge.—Harvard students are accused of being frivolous, if not worse, in their table talk by the Harvard Crimson, every one of the thousand who eat in Memorial hall being included in the criticism. The editorial says:

"One thousand men are each wasting three hours a day in intellectual dejection which might profitably be spent in cultivating intelligent thought.

"Women, the war, athletics and personalities comprise the range of subjects. Among the first named virtue is apparently unknown. The weaker sex is subject to slandering remarks whose sole aim is to fill a gap in the conversation.

"When the talk wanders to the war some one says, 'I hope those d——d —— get licked,' and the subject is closed. Even on athletics, where the interest is keenest, desultory remarks and blasphemies on Yale are the main element. Interspersing everything are biting personalities on another's physical or mental qualities. A tone of affected cynicism crowns the whole."

GIRL USHERS IN CHURCH.

Bridgeport Pastor Believes They Will Be Attraction.

Bridgeport, Conn.—For the first time in the history of the state girl ushers served in the Washington Park Methodist Episcopal church here. The Rev. Everett A. Burns, the pastor, said the girls will act in that capacity every Sunday evening.

"I hope that the young men who might otherwise absent themselves from services will attend because of the girl ushers," he said. The girls, all from well to do families, are Helen Clinton, Mildred Curtis, Anna Rackmyer, Emma Smith, Ella Crabtree, Irene Chapman and Clariee Bray. Mrs. Julia Griffin also is an usher.

HAS LONELY SUPPER AT 105.

Centenarian Is Said to Be the Daughter of Napoleon's Chef.

Jeffersonville, Ind.—Mrs. Susan Quinlan, 105 years old, spent her birthday quietly at her home with only her son Charles, sixty years old, a carpenter, with whom she lives, sharing the supper.

Mrs. Quinlan has been married three times. She was born in France, the daughter of Franz Antoine, who is said to have been chef to the Emperor Napoleon. She came to this country when twenty-six years old. Her last husband, who died several years ago, was Patrick Quinlan, a cafe proprietor.

TEXAS COWPUNCHER DIES WORTH MILLION

As Boy Asked For Cattle In Lieu of Pay.

El Paso, Tex.—Wert Love, who has died at Warfa, started as a cowboy without even a horse that he could call his own and became millionaire owner of vast herds and a ranch that was a domain in itself.

A resident of West Texas since 1885, Wert Love was known to every cowman from Fort Worth to El Paso. He had his peculiar characteristics, and thrift was one of them. But while he was frugal, he never allowed a genuine case of distress to go unrelieved.

When other cowboys were drawing their wages in gold back in the eighties and riding to El Paso or San Antonio to spend the money in riotous living or over the gaming table, Wert Love was putting his earnings into cows. His start was seven cows. At his death he could not have counted all the cattle in his herd if he had ridden hard for a month at the task.

His first work after coming west was for Jim Powell, a cousin, near Fort Davis. He was a mere boy and received but $25 a month and his board. He refused to take any money except that necessary to buy his clothes, which were few, and asked to be paid in cows.

In 1889 he had 150 head. After the start it seemed easy to those who watched Wert Love, but they knew he was working hard all the time.

He always picked the best cattle when he bought, and he always picked the best range for them. The result was that he lost few cattle by disease or drought. He watched the markets and sold right and invested the money again.

The result was that when he died 200 men were on his payroll and his estate was worth more than $1,000,000. A son nine years old will get most of it and will probably be the richest boy in Texas.

THREE GEESE—COSTS $100

Widow Wins Long Lawsuit, and Birds Sell For $1.50.

Pocahontas, Ark.—A goose case has finally been disposed of in circuit court here. Mrs. Ledbetter, a widow, brought a replevin suit against a man named Starr for three geese that she claimed belonged to her. The trial in the justice of the peace's court resulted in the appeal to the circuit court. Eighteen witnesses were in attendance.

Mrs. Ledbetter was awarded the geese. The total cost to the litigants amounted to more than $100, beside the cost to the county. The geese were marketed at 50 cents each.

WIRELESS VISION SEEN BY TESLA

Thinks "World System" Will Allow Many to Talk at Once.

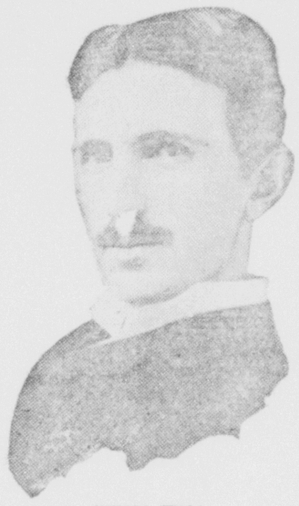
ENDS STATIC DISTURBANCE

Inventor Also Hopes to Transmit Pictures by Same Medium Which Carries the Voice—Declares It Will Be Possible to Hold Secret Conversation Too.

New York.—Nikola Tesla announced that he had received a patent on an invention which would not only eliminate static interference, the present bugaboo of wireless telephony, but would enable thousands of persons to talk at once between wireless stations and make it possible for those talking to see one another by wireless, regardless of the distance separating them. He said also that with his wireless station now in the process of construction on Long Island he hoped to make New York one of the central exchanges in a world system of wireless telephony.

The inventor, who has won fame by his electrical inventions, dictated this statement:

"The experts carrying out this brilliant experiment are naturally deserving of great credit for the skill they



NIKOLA TESLA.

have shown in perfecting the devices. These are of two kinds—first, those serving to control transmission, and second, those magnifying the received impulse. That the control of transmission is perfect is plain to experts from the fact that the Arlington, Mare island and Pearl Harbor plants are all ineffective and that the distance of telephonic communication is equal to that of telegraphic transmission. It is also perfectly apparent that the chief merit of the application lies in the magnification of the microphonic impulse. It must not be imagined that we deal here with new discoveries. The improvement simply concerns the control of the transmitted and the magnification of the received impulse, but the wireless system is the same. This can never be changed.

"It is claimed that static disturbance will fatally interfere with the transmission, while as a matter of fact there is no static disturbance possible in properly designed transmission and receiving circuits. Quite recently I have described in a patent circuits which are absolutely immune to static and other interferences, so much so that when a telephone is attached there is absolute silence, even lightning in the immediate vicinity not producing a click in the diaphragm, while in the ordinary telephonic conversation there are all kinds of noises.

"Another contention is that there can be no secrecy in wireless telephone conversation. I say it is absurd to raise this contention, when it is positively demonstrated by experiments that the earth is more suitable for transmission than any wire could ever be. A wireless telephone conversation can be made as secret as a thought.

"I have myself erected a plant for the purpose of connecting by wireless telephone the chief centers of the world, and from this plant as many as a hundred will be able to talk absolutely without interference and with absolute secrecy. The plant would simply be connected with the telephone central exchange in New York city, and any subscriber will be able to talk to any other telephone subscriber in the world, and all this without any change in his apparatus. This plan has been called my 'world system.' By the same means I propose also to transmit pictures and project images, so that the subscriber will not only hear the voice, but see the person to whom he is talking. Pictures transmitted over wires is a perfectly simple art practiced today. Many inventors have labored on it, but the chief credit is due to Professor Korn of Munich."

$2,000 Awaits Lost Cat.

Chicago.—John H. Warder used to think a great deal of his pet angora cat, Boyse. In his will he provided that $2,000 be set aside in a trust fund for the care of Boyse at a cat paradise in Massachusetts. The will has just been filed for probate, and Mrs. Warder, to whom the whole estate is left, was asked what she intended to do in regard to Boyse. "Goodness!" she exclaimed, "we gave Boyse away a year ago. I don't even know where he is now."

Kansas City Market Letter.

Kansas City Stock Yards, Oct. 13.—Cattle receipts today were 19,000 head, following a run of 34,000 yesterday. The market this week is a repetition of that of last week, prices weak to 15c lower on Monday, steady to strong today, with much better action. Corn-fed steers sold a shade higher today, top $10.05, a fair number of cattle at $9.65 and upwards, although prime cattle are relatively very scarce.

Choice Greenwood county grass steers sold at $9.25, medium steers around $8, plain cattle weighing 1,025 to 1,150 pounds at $7.25 to $7.65, common steers 1,000 pounds or less around $6.75, prices steady with yesterday. Feeder demand is stronger than heretofore, prices firm, good Kansas steers weighing 1,200 pounds taken to the country today at $7.85, good feeders 950 to 1,100 pounds, selling at $7.50 to $7.75.

Attendance of buyers is very heavy, stock yards stables being completely emptied of saddle horses, and many buyers on foot. Two-thirds of the supply this week is stockers and feeders, a proportion suited to the distribution of demand. Bulk of the stock cattle sell at $6 to $7.50, a few sales on both sides of these figures.

Quarantine offerings continue very light, 7 cars today, including 2 cars of 975-pound steers at $6.60. Butcher cattle are steady, heavy native cows $5.75 to $6.50, Colorado cows $5.25 to $6, plain heifers $6.00 to $7.25, good to choice heifers $8.00 to $9.25, bulls $5.25 to $5.85.

In the hog market prices are firm today, and trade active, receipts 14,000 head. Popular weights now are from 200 to 300 pounds, some 300-pound hogs at $8.45 today, top $8.50, bulk of sales $8.15 to $8.45. Order buyers took almost half the hogs today, and competition from that source is keeping prices up on all weights, very few hogs selling down to $8 now.

Receipts are increasing each week, but so far popular demand has more than kept pace with the growing supply. Of course, when the supply increases faster, as is expected, prices may decline gradually. Sheep and lambs arrived to the number of 16,000 head. Sheep and yearlings sold steady, fat ewes $6, wethers $6.40, choice light yearlings $7.25. Fat lambs sold weak to 5c lower, top, $8.65, bulk of the good lambs around $8.50. Feeding lambs are holding about steady around $8.25, feeding ewes $4.50 to $5.25, breeders $5.75 to $7.25.

County Superintendent Bert Cooper received a shipment of maps of Missouri to be distributed to the schools of the county. They are the gift of the Chillicothe Business college.

WILSON LAYS CORNER STONE

Great Amphitheater in Arlington Cemetery Finest Ever Erected to a Nation's Dead.

Special to The Democrat-Forum.

Washington, Oct. 13.—President Wilson today set the cornerstones for the great amphitheater to be erected in Arlington National cemetery as a memorial to the nation's dead. The exercises were to have been held October 1 during the jubilee of the Grand Army of the Republic here, but they had to be postponed because of the heavy rain.

Secretary of the Navy Daniels delivered the principal address. Speeches also were made by Judge Ivory G. Kimball of this city, representing the United Spanish War Veterans.

Some of the veterans remained over from the recent encampment for the exercises today, but the representation was small compared to that which had planned to be present on the original date set for the event.

The amphitheater, when completed, will be the finest memorial ever erected by a nation to the memory of the men who fought to defend it. The cost of the structure proper will be $75,000 and $100,000 more will be spent in grading and building approaches to it.

Should Be "Benedick."

Do you know why you call a recent bridegroom a "Benedict?" Perhaps you know that the term does not properly apply to any but the bachelor who has long refused his approval to the ancient and honorable state of matrimony, although it is loosely used to cover husbands of all ages and previous conditions of mind. Which particular Benedict gave his name to the recently married man. There was Benedict Arnold; but it is not related of him that he was a woman hater, and besides, the term was in use in English letters before the revolution. And then there is Saint Benedict, the Italian abbot, Benedetta, who founded the Benedictus order and the great monastery at Monte Casino. One of the remarkable stories of his early life has to do with a wondrously beautiful woman whom he loved so ardently that he came near abandoning his religious work to woo and perhaps win her. In his fight with this devouring passion, he threw himself into a thicket of wild roses, and it is said the beautiful Benedictine roses grew from the thorns that had lacerated his flesh. But he did not marry at all. He overcame his love and the lady never knew anything about it. No, neither he nor any other Benedict was responsible. The fact is, the newly married bachelor should be called a "Benedick," in memory of the man who succeeded to the charms of Beatrice, in Shakespeare's 'Much Ado About Nothing." A Benedict, as the Latin scholar knows, is a "blessed man," but the Benedick is one who has abandoned single blessedness.—St. Louis Globe-Democrat.

Aid Society to Meet.

The Ladies Aid Society of the First Methodist church will meet Thursday afternoon at the home of Mrs. S. J. De Armond on East Third street. The session is an important one and all members are expected to be present.

Miss Hudson Hostess.

The Westminster Guild was entertained las tnight by Miss Nelle Hudson at the first study meeting of the year. Miss Helen Leffler conducted the program taking up the subject of what other Guilds are doing and the significance of the work. A social hour and luncheon concluded the evening.

Gives Bridge Tea.

Mrs. Nick Sturm and Miss Clara Sturm entertained with a bridge tea yesterday afternoon for the pleasure of Mrs. William Johnston of Seattle, Wash., and Mrs. Wray Dudley of Pittsburg, Pa., who are visiting home folk in Maryville. The game prize was won by Mrs. Edward Keck and the guest favor by Mrs. Ike Thomas Pryor of Fort Stockton, Texas, who is visiting her parents, Judge and Mrs. W. C. Ellison.

Dakota Guests Complimented.

Mr. and Mrs. C. V. Roof of Parnell gave a dinner Sunday night, entertaining in honor of their guests, Mrs. J. B. Mercer and daughter, Margaret, of Herrod, S. D. The table was attractive with carnations and ferns, and plates were laid for Mr. and Mrs. H. O. Gray and four sons, Mr. and Mrs. Ed Roof and son of Bockton, Ia., Mr. and Mrs. A. D. Martin and daughter, Elizabeth; Mrs. Mercer and daughter, Miss Belle Stewart, A. J. Roof, Miss Elizabeth Steren of Clyde, Miss Mary Treece and Miss Gladys Powers.

Observes Wedding Anniversary.

Mr. and Mrs. Harley Teaford entertained a party of friends Tuesday night at their home to observe the fourth anniversary of their wedding day. The evening was spent with various games and the serving of a delicious collation contributed to the pleasure of the evening. Mr. and Mrs. Teaford were presented by the guests with a handsome set of table linen in remembrance of the occasion. Those present were Mr. and Mrs. Roy Martin, Mr. and Mrs. John Awalt, Mr. and Mrs. Grant Trusty Mr. and Mrs. W. P. Howland, Dr. and Mrs. C. A. Bone and their guest, Miss Dickford; Mr. and Mrs. Fred Harbison, Mr. and Mrs. Edward Dragoo, Mrs. Nellie Lillibridge of St. Joseph, a house guest of the Teafords, Miss Lottie Maalam, Miss Margaret Cook, Jesse Boatman and the hosts.

Gives Wager Supper.

A three-course supper, was given Monday night at the apartments of Miss Beulah Brunner at Perrin hall. Mr. W. W. Jones entertained a party of twelve. Mr. Jones was host by compulsion and not invitation as the supper was the result of a wager made with all the diners at a certain table at Perrin hall. Those in the party were Mr. and Mrs. Jones, Miss Brunner Miss Mildred Miller, Miss Bernice Rice, Miss Elizabeth Lauer, Miss Cora Price, Miss Alice Porter, Miss Mary Lynch, Miss Virginia Rose, Dr H. L. Stinson.

Delegate to Convention.

Mrs. Rolla Alexander will leave tomorrow morning for Sioux City, Ia., to attend a meeting of the Des Moines branch of the Women's Missionary society of the Methodist church. Mrs. Alexander will represent the Young Ladies' society of the First Methodist church of this city, which is affiliated with the Des Moines branch. Mrs. L. L. Holbrook, who represents the Women's societies, left this morning, and Miss Mary Q. Evans and Miss Lucile Airy went last night to Sioux City to attend the convention, which is an annual meet.

Wedding Date Announced.

At a dinner given last night by Mrs. Charles Thomas Bell at the Bell home, on West Third street, the announcement of the approaching marriage of her niece, Miss Mildred Robinson, to Mr. Edward Wright Gray was made public. The date of the wedding will be Saturday, October 30. The dinner guests were limited to relatives of the bride and the members of the Hum drum club who are now in the city. The dinner appointments and table decorations, which were of unusual beauty, were entirely in pink tints. The flowers used were pink roses, and the table was centered with a mound of pink roses and white snap dragons. The places were marked with pink parasol name cards, and the individual favors were pink roses. The announcement was entirely unexpected by the guests, as they had been told that the dinner was in honor of the birthday anniversary of Miss Marjorie Wilfley, and also a surprise to her, and the role of surprised guest was perfectly acted by Miss Wilfley. Following the salad course of the dinner, a white grape juice cocktail was served the guests, and resting on the edge of each glass was a tiny white bird, bearing in its mouth a gold edged card with the message "My bird says" on the side turned toward the guest. When all were served Miss Robinson read the message on the back of her card and each guest followed with the reading which was the announcement told in rhyme. At a signal from the hostess all stood while the bride was toasted, Miss Marjorie Wilfley delivering a clever toast to Miss Robinson, who has been the chosen favorite of the circle of girls present. Plates were laid for Miss Robinson, Mrs. James B. Robinson, Mrs. F. P. Robinson, Miss Marjorie Wilfley, Miss Eleanor Smith, Miss Ruth Reuillard, Miss Virginia Robinson, Miss Geneva Wilfley, Miss Vera Tilson, Miss Ora Barmann and Mrs. Bell.

WHEN CROY VISITED MISS OTIS.

Humorist on Donkey a Laughable Sight, But From Old Nodaway.

One day Miss Dora Otis, sister of Merrill E. Otis, assistant city counselor, a returned missionary from China who is visiting in St. Joseph, was sitting on her front porch in Foo Chow, China, admiring a gorgeous bit of landscape. It was all very beautiful indeed until——

Over a brushy foothill approached an awkward sight. It was a tall, spindly man astride a diminutive donkey. His long legs touched the ground, and with his ample feet he pushed himself along as one pedals a bicycle. Finally the man fairly shoved the donkey up to her dwelling.

"Miss Otis?" the stranger inquired.

"Yes," she smiled, as one would on a native countryman.

"I'm Homer Croy," the caller introduced himself, "correspondent for Leslie's and writing 'Laughing Around the World.'"

Croy and Merrill Otis attended school together in Nodaway county, Missouri. The assistant city counselor asked the humorist to visit his sister when Croy was here on his way around the world.

Miss Otis came to St. Joseph today to make an address on Chinese missionary work tonight at the Gooding Methodist church, 202 West Colorado avenue, South St. Joseph.—The News-Press.

In Deciding Game in Texas League He Won His Own Game in Last of Ninth With Home Run.

When George Foster, star pitcher for the Boston Red Sox, stepped to the plate in Philadelphia Saturday and slapped out a hit that won his game, it was no fluke.

He did the same thing under almost as thrilling circumstances in his last game in the Texas league. He drove out a home run with two on bases in the last of the ninth when San Antonio seemed to have the pennant cinched over his team, Houston. Incidentally he got $150 for that one hit.

BROOKFIELD STAYS WET.

Local Option Election Yesterday Resulted in Favor of Liquor Interests by 202.

In a local option election held yesterday at Brookfield, Mo., that city went "wet" by a majority of 202, carrying every ward in the city. Brookfield had a local option election seven years ago, when the "wet" majority was 104. Brookfield has four saloons and the license is $3,000.

STORE SEED CORN WELL.

Sweating Must Be Avoided and No Two Ears Should Touch.

In storing seed corn, three things should be kept in mind, according to J. C. Hackleman of the Missouri College of Agriculture. They are (1) a dry room or building, (2) a fairly low, even temperature without hard freezes, and (3) a well-ventilated room from which moisture from the sweating grain may easily escape. Seed corn may be injured if stored above sweating grain from which it receives moisture.

These essentials are most perfectly secured by proper storage in an attic, as careful tests have shown that better results were obtained from such storage than from any other. Cellars in which there are furnaces are excellent; others are likely to be too damp. If it is impossible to use any of the houses in this way, suitable places can probably be found in tool sheds or other farm buildings.

A frame of 2x4's may be built from two to six feet square and strongly braced. If chicken netting is then stretched over both sides in such a way that the holes match, the ears may be thrust through and stored very cheaply. They may be swung from the roof in strings, held by baling wire or binding twine, or may be stuck on nails driven into an upright 4x4 post from which the corners have been trimmed so as to make room for eight rows of nails instead of only four. Mice may be kept from this seed corn tree by nailing tin around the bottom just above the base or by inserting a hook in the top by means of which the tree with its load may be hung with a wire from the roof.

A study of your own conditions will perhaps show you better methods than any of these which will meet the requirements of good storage.

Don't forget to sow rye for fall pasture and to prevent soil washing.

If Women Are Conservatives.

Some radicals oppose woman suffrage, for, they say, the mass of women are conservative and reactionary. If this is true, do not these radicals know that women have a vast political and economical influence, whether they vote or don't vote? If the mass of women are more conservative than the mass of men, is it not because they have had less incentive and opportunity to inquire into the economic and political facts that stir persons out of inertia? There could hardly be a stronger argument for woman suffrage and for impressing women with the facts of life about them—the life which they influence tremendously in the home, in the school, in the family council—than lies in this assertion of woman's general conservatism.

ENFORCE GRASS WIDOW RULE

Civil Service Examiners Bar All Applicants of This Type.

Washington.—The rule of the postoffice department that "no grass widows need apply" was adhered to by the examiners of the civil service commission in examining applicants for government positions. This is not a new rule, but it is being enforced more strictly now than ever before.

The postoffice department has had a regulation for several years that barred from its civil service roll married women. Grass widows are considered married, but divorced women are not and therefore are eligible.

Recently the postoffice department and the civil service commission let up on the grass widows somewhat. Women who were separated from their husbands without fault of their own and were struggling for a living were admitted, but the drawing of the line between those who were grass widows for cause and those who were grass widows by no fault of their own became a bone of contention, and all grass widows were barred.

WED AFTER FIFTY YEARS.

Sweethearts Before Civil War Now Happy Together.

Lexington, Ky.—Oliver Marcum and Mrs. Mary H. Murray were married by the Rev. J. S. Thompson at the minister's home here. Marcum is seventy-two years old and his bride seventy-one.

The couple were sweethearts before the civil war and had not met in fifty years until the day before they were married. The bridegroom and the minister who married him served in the same company in the federal army.

Marcum's first wife died four years ago. His bride had been a widow many years.

GIRL IS DEPUTY CORONER.

Miss Edison, Who Became Doctor In June, Gets Post In West.

Seattle, Wash.—The little city of Tolt has the distinction of having the first woman deputy coroner appointed in this state.

Dr. Hazel Edison, who was graduated last June from Rush Medical college at Chicago, hung out her shingle in Tolt in July. With a runabout she makes calls in all parts of her mountainous territory and is already popular. As deputy coroner she will have to investigate all violent and suspicious deaths in her district.

CRACKED HEAD THAT HEALS HELP TO BRAIN

Results In Regeneration of Tissues, Says Professor.

Chicago.—For fifteen years Charles Manning Child, associate professor of zoology in the University of Chicago, has been experimenting on plants and animals to solve the problem of youth and age. As the result, in his "Senescence and Rejuvenescence," Professor Child turns upside down a lot of current notions about growth and death.

He prescribes regular fasts, provided no organic disease exists. He suggests vacations or changes in mental occupation after long continued mental labor in a particular field. The effect of change is the rejuvenation of the nerve cells, he finds, and this means the nerve cells are built up anew as in youth.

Professor Child utters a warning against overeating. Overnutrition, he says, increases the rate of senescence. All life, he points out, is a development toward senescence and death. Nature's idea is to build up a man, have him do his duty toward increasing the species and then move on to disintegration.

Injuries, when death does not follow, result in the regeneration of the tissues affected, and this regeneration makes those tissues young again.

A cracked pate that heals is good for the brain. From this comes the explanation of the old familiar story of the man who, recovering from an almost fatal injury or a serious illness, becomes healthier, more vigorous and youthful than before. It also confirms the old one about the idiot who, being hit a terrific blow on the head, regains his reason.

RICH WIDOW ADOPTS PASTOR.

Young Preacher With Family Announces News From Pulpit.

Ashland, Ore.—The Rev. Arthur R. Blackstone, pastor of the Baptist church here, has been adopted by a wealthy widow, Mrs. Aurelia Ferguson, who has made him her heir. His benefactress' estate is estimated at $100,000.

The minister retains the name of Blackstone. He is a young man with a family. To forestall criticism he announced the news from his pulpit.

Makes Squirrels Work.

Clarkesville, Ga.—John D. Kesler, a popular barber of this city, is believed to be the first man to put squirrels to work. He has a pair in front of his shop, and they turn the usual barber's colored sign. The little animals keep the cylinder turning almost as continuously as a motor, and the irregularity of the movement attracts greater attention.
